College Preparation Begins NOW!!

1. Step into your greatness!

Plan to be active in your virtual learning this semester. Your teachers will continue to build relationships with you virtually and will see your diligence and ability to persevere. These are great qualities to demonstrate and can be documented in a Teacher Recommendation.

2. Physically at home, Mentally preparing for college!

We are in unprecedented times, but you can make the most of it by preparing yourself for your next step. College planning zoom meetings, counselor office hours and helpful toolkits will be available 24/7 via your guidance office website. Keep up with your tasks and timelines and feel rewarded by your progress.

Where Do I Go From Here Workshop Series

Virtual Guidance Office

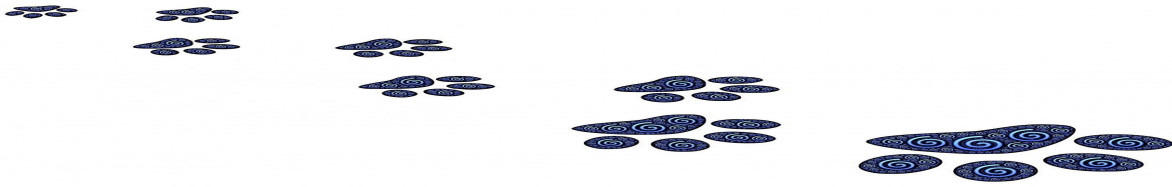

Start brainstorming about your college. Where do you want to go and how you can get there will develop from you thinking about your college brainstorm. Virtually we will be discussing your path and the necessary steps. Where do I go from here checklists and activities will be presented in mini workshops to guide your steps.

Review & Revive!

During the start of the school year, you will receive an email invitation to join *our zoom or google meetings* to review our goals of the year, a presentation on how to access the *Questionnaire* and how to schedule one-on-one meetings with your counselor.
