

Farmington Central High School

"Home of the Cougars"

Things to do in 10th grade

High school is an exciting time, but sometimes a confusing time. In the wake of new friends, athletic events and daily academics, post-secondary plans can get lost. This timeline clarified some of the FCHS milestones to help you plan your future.

- Don't think college is for you... <http://youcango.collegeboard.org/>
Watch videos of other students, just like you, who didn't think college was in their future.**
- Take the PSAT 10 assessment program to help you prepare for the SAT next year. Investigate your strengths and interests and check your academic progress.
- Familiarize yourself with college entrance requirements. Take earning credits seriously each year.
- Work toward extra-curricular leadership positions in school and community or volunteer activities.
- Read, read, read. Read the daily newspaper to learn about current events.
- Work on improving your writing skills.
- Explore colleges by attending the local college fairs and virtual tour opportunities shared by the Guidance Office. Speak to college representatives who visit FCHS.
- Are you interested in attending a US military academy? Speak to recruiters when they visit FCHS and explore options virtually via Guidance Office 101 (Canvas) or Weebly(GA)
- Update your EDP when assigned by your teachers.
- Check out the NCAA requirements if you are interested in Division I or II collegiate athletics. Start the certification process by registering online at <https://web3.ncaa.org/ecwr3/>
