"Home of the Cougars"

Things to do in 12th grade

- Don't think college is for you...Go to <http://youcango.collegeboard.org/> Watch videos of other students, just like you, who didn't think college was in their future.**
- Continue to take your classes seriously and keep up your grades.
- Participate in updating your EDP when requested by your teachers.
- Complete your college and technical school applications by Thanksgiving.
- When you contact the colleges/universities, inquire on their financial aid requirements—what forms to file, etc. Ask if they have their own financial aid forms.
- Research! Research! Research all that is available to you for financial aid. Check all scholarship information from the counseling office.
- Retake the ACT or SAT exams in the fall if you want to try improving your score: Colleges will consider your best score.
- Make sure you have registered online at <https://web3.ncaa.org/ecwr3/> if you want to play college sports in college.
- Research and apply for scholarships: Use Internet resources and information shared through the Counseling Office.
- Male students who turn 18 must register for selective service on their 18th birthday to be eligible for federal and state financial aid.
- If the college to which you're applying requires letters of recommendation, request recommendation letters from your teachers, if you have not already done so.
- Fill out the FAFSA (Free Application for Federal Student Aid) after October 1. Then compare financial aid packages from colleges and universities that have accepted you.
- Make sure you review your senior packet information available on FCHS webpage.
